It is one of the largest and most responsible houses in Cincinnati, as any one who is acquainted in that city will testify.

The Von Mohl Company treats all correspondence in perfect confidence. Under no conditions will it make public the names of the thousands who have written testimonials telling of their restoration to robust manhood after the failure of all other remedies. ## BLOOD CURE SENT FREE.

A FREE TRIAL TREATMENT SENT PRIVATELY BY MAIL TO ALL WHO SUFFER.

A Remarkable Remedy for a Terrible Affliction—The Cure Is Permanent.

A free trial treatment is being sent out by the State Medical Institute in order to demonstrate the fact that the most horrible of all diseases can be cured. There is a good deal of controversy over this subject among those who declare the disease incurable, but the facts are indubitable and must be acknowledged. The action of this new remedy is peculiar. The physician in charge of the institute has had a long and varied experience treating this disease of the blood and about two years ago, after a long series of experiments, he found the one specific that offsets the poison, renders it lifeless and eliminates it from the body. Having personally examined many hundreds of cases and familiarized himself with every detail of the disease, his discovery came naturally and has never failed him. One of his recent cures was a most hopeless case, the disease having caused the hair to fall out and the body was one mass of putrescent sores, boils, blotches and unsightly disfigurement. A few days the entire outer skin was healed and

there was noticeable improvement in all other respects. A brief continuation of the remedy brought about a radical cure.

The free trial treatment has saved a great many who otherwise were doomed to early death. It was this object which induced the institute to make the offer. In all cases where the sores have become characteristic of the disease, the sufferer fully realizes the name and nature of his affliction, but a great many who have inherited the disease or who have recently contracted it should ask the institute for their 44-page book describing fully the disease and also explaining the action of their new remedy. Send your name and address to the State Medical Institute, 43 Bas Block, Ft. Wayne, Ind., and they will forward, prepaid, the free trial treatment that will bring to the sufferer such wonderful relief, such an ecstatic feeling of joy for the improvement shown, as to fully compensate for the suffering and danger that previous failures have caused. Write to-day without fail.

## SOLDIER ATHLETES GETTING READY.

Their Show Begins in Madison Square Garden on March 20.

### COMMITTEES AT WORK.

The League's Object Is to Furnish Athletic Outfits to the Army and Navy.

The several committees having in hand the Military Athletic League's Show, which is to be held in Madison Square Garden during the week beginning March 20, are much pleased at the outlook. Important meetings will be held at the League Headquarters, Second Battery Armory, this afternoon, and many important matters will be passed on. The programme, which is to be varied and comprehensive, will be discussed in order that the proportionate time requisite to the several features of athletic contests and military tournaments may be harmonized.

The object of the league's efforts is to furnish athletic outfits to the Army and Navy and to the National Guard. Among those taking an active part in the work are Colonel Charles H. Luskomb, Major David S. Wilson, Lieutenant O'Neill and Lieutenant-Colonel Seiler.

The Honorary Military Committee includes officers who are identified with the best interests of soldiers and sailors. Among those who have accepted places on the committee are Admiral H. A. Erben, U. S. N.; Colonel W. Cary Sanger, U. S. N. Y.; Colonel A. C. Smith, U. S. N. Y.; and Major George D. Russell, U. S. N. Y.

A large attendance is expected, as the exhibition will afford an opportunity to an admiring public to greet the soldiers, regulars and volunteers, under their battle-scarred flags.

The Fifth Artillery will be on hand to give exhibitions, and to that end its members are industriously drilling at their quarters at Fort Hamilton.

Major Henry W. Wessells, of the Third Cavalry, commanding at Fort Ethan Allen, Vt., has written to Colonel Luskomb that three officers, six squadrons and fifty horses will arrive here from that post on Sunday, March 19.

## HORSE AND CARRIAGE TRADE NOTES.

The recent blizzard, the horse dealers say, will, in the end, greatly benefit their business, as the animals suffered from the hardships of the storm, and many naturally, will have to be replaced by new stock. The storm afforded the carriage men a opportunity of disposing of their surplus sleighs.

The name of J. A. Blaurock and high-class pneumatic road wagons and sulkeys are synonymous. The Blaurock Carriage Company, of No. 1598 Broadway, is the sole agent for the famous Caffrey productions. The Caffrey wagon is the most practical pneumatic road wagon that has ever been constructed; with the application of the spring in connection with the pneumatic tire it obviates the continuous jar and vibration which are prevalent in steel or solid rubber tired vehicles, thus making it a desirable and easy running road wagon; it has ball bearings and a plain axle.

The Studebaker Brothers Manufacturing Company, corner of Broadway and Prince street, is offering several of its new type carriages for 1899 on exhibition. The basket work, so fashionable about twelve years ago, is again coming into prominence and will be greatly in vogue this season.

The positive and final date for the opening sale of the Borough of the Bronx Sales and Exchange Station, No. 726 Westchester avenue (One Hundred and Fifth street), has been fixed for Thursday, next, March 2, when horses to meet every requirement will be offered to the highest bidder. Mr. Worsner, the manager of the sales, has long been connected with the horse business, and buyers and consignors alike will be in the hands of an old friend.

The Fiss, Doerr & Carroll Horse Company, of East Twenty-fourth street, had a very large attendance at their regular Monday and Thursday auction sales last week, and brisk competition was the result. Two carloads of heavy brewery horses, averaging in weight a ton and a half, were sold to-day. These horses were specially selected and bought for George Ehret, the brewer.

Joseph Day, well known in connection with the wagon and springing cart industry in this city, has accepted the agency for the F. C. Austin Manufacturing Company, of Chicago, Ill., manufacturers of contractors' supplies, machinery, etc.

On Wednesday next W. D. Grand will open the Spring season business at the American Horse Exchange, Broadway and Fifth street, New York, with a number of choice consignments of high-class harness and saddle horses from well-known shippers. Among the most prominent consignments is that of the Fashion Coach Horses Company—G. Leiby, manager, Union Stock Yards, Chicago—which includes several pairs ranging from 15.3 to 16.1 hands, of good substance, shining quality and breeding, splendid action, lots of speed, one pair by Delmar being the winner of nine blue ribbons in the show ring last year. Mr. Bruce McDonald consigns a number of well-matched pairs, and Mr. Louis Schulerberg consigns twenty head of harness and saddle horses, of various quality and breeding, splendid action, lots of speed, one pair by Delmar being the winner of nine blue ribbons in the show ring last year. Mr. Bruce McDonald consigns a number of well-matched pairs, and Mr. Louis Schulerberg consigns twenty head of harness and saddle horses, of various quality and breeding, splendid action, lots of speed, one pair by Delmar being the winner of nine blue ribbons in the show ring last year.

Mr. McGee, of the Greater New York Horse Market, Ninety-ninth street and First avenue, reports a fair business, with excellent prospects. Out of the one hundred or more horses of all grades that he had on hand a week ago fully 25 per cent have been disposed of.

The Hardy Coal Company, of No. 316 West Ninety-second street, has good work horses for sale which have been used in their business.

Messrs. Van Tassel & Kearney, of East Thirtieth street, report an improved condition of affairs all around in their business. Their regular semi-weekly auction sales of seasoned horses and good second-hand vehicles, harness, etc., on Tuesday and Friday last were well attended, good catalogues were shown and purchasing done with something like the snap which usually characterizes their sales.

Thomas F. Devine & Co., West End avenue and Sixty-fourth street, report the best winter's business they have ever had. The sales during the months of December, January and February averaged well over three carloads per month. Two carloads of business and work horses are due at the stables to-day.

John J. Deering, of the Elizabeth Wagon Company, No. 392 Hudson street, reports the sale of a couple of wagons in the last week and says there are plenty of inquiries. Visitors to W. D. Grand's Carriage Warehouse at the American Horse Exchange are always sure to find something new. The latest is one of Mr. Sullivan's exclusive designs in miniature park rate gigs.

## CROWD FRENZIED BY MONEY FLYING BEFORE THE WIND.

Scramble for Wind-Blown Money.

A venerable looking old man with a long gray beard came out of the restaurant at No. 140 Nassau street yesterday at noon with nine one dollar bills in his hand. He was counting the silver change in the other hand when a gust of wind carried the nine one dollar bills into the air. The old gentleman carefully placed his glasses over his eyes to see what had become of his money. And while he was inspecting the sidewalk and gutter for the lost greenbacks small boys and men were making frantic gestures with their arms in efforts to seize the ready money sailing through the air.

But the wind carried the bills upward, and a man would have had to be a giant or armed with a tall ladder who could capture this loose wealth. In a few minutes a great crowd gathered, and as the bills were blown from one side of the street to the other so surged the crowd. But the wind kept the bills out of arm's reach. Two of

them stuck fast to the side of the Potter building, fully twenty feet up on the wall, while the other seven fluttered about many feet apart, threatening to fall at any moment into almost any one's hand.

And as soon as one would show some sign of a downward descent this money mad throng would make a desperate rush and several of them would fall in the charge. And all the time the old man stood quietly by watching the strange antics of the people. Two bills seemed to be falling downward half a block away, and the crowd had charged in that direction, and while they were struggling for good places the wind drove the bills back again and they fell in front of the old man, who was then standing all alone. He picked them up before the crowd had recovered itself.

For half an hour the crowd tried to capture the bills. The two that were pressed against the Potter building wall were captured by a window cleaner, who turned them over to the old man. The other three came down at about the same time. They fell into honest hands, and the old man went away with all of his money excepting ten pennies knocked from his hand by the excited crowd.

## Excited Nerves

The ills peculiar to women act on the nerves like a firebrand.

Many women become nervous through menstrual suffering.

The advice and help of Mrs. Pinkham have relieved the tension in countless households and great numbers of women owe their present health and comfort to her.

Mrs. Emilie Schneider, 1244 Helen Ave., Detroit, Mich., writes:

"DEAR MRS. PINKHAM—I have been taking your Vegetable Compound, Blood Purifier and Liver Pills and feel wonderfully strengthened. Before using your remedies I was in a terrible state; felt like fainting every little while. I thought I must surely die. But now, thanks to your remedies, those feelings are all gone."

Mrs. Anna E. Hall, of Hildale, Conn., was all run down in health and had completely lost control of her nerves. She wrote to Mrs. Pinkham at Lynn, Mass., for advice. Now she writes:

"I wish to thank you for what your Vegetable Compound has done for me. It has helped me more than anything else. Before I wrote to you I suffered for a long time with nervousness, pains in back and limbs and falling of the womb; also had neuralgia in my head and could not sleep. I told my husband that something must be done, for I was nearly frantic with pain. Having read of the wonderful cures Lydia E. Pinkham's Vegetable Compound had performed, I determined to try it. I have taken it and am happy to say I am cured. I recommended it to all my friends and never tire of telling the benefit I have derived from its use. I have you alone to thank for my recovery."

How Mrs. Weaver Was Helped.

"DEAR MRS. PINKHAM—I had inflammation of the womb and painful menstruation, and by your advice I began taking Lydia E. Pinkham's Vegetable Compound. Have taken four bottles and used one package of Sana-tive Wash, and feel like a new woman. I thank you so much for what your medicine has done for me."—Mrs. Susie J. Weaver, 1821 Callowhill St., Philadelphia, Pa.

An Iowa Woman's Story.

"It is with pleasure that I write and tell you what your medicine has done for me. I had been doctoring for two years and no medicine ever did me so much good as yours. I tried three doctors, and the last one said nothing but an operation would help me. My trouble was profuse flowing; sometimes I would think I would flow to death. I was so weak that the least work would tire me. Reading of so many being cured by your medicine, I made up my mind to write to you for advice, and I am so glad that I did. I took Lydia E. Pinkham's Vegetable Compound, and followed your directions, and am now well and strong. I shall recommend your medicine to all, for it saved my life."—Miss A. P., Box 21, Abbott, Iowa.

The invitation is open to-day as it has been for a quarter of a century, write to Mrs. Pinkham, at Lynn, Mass., and receive her counsel free.
